GOING GREEN

Look for this symbol throughout the Program Book and on conference signage to indicate our steps to go green. Please do your part to support APT's efforts.

The first thing you will notice is that this Program is printed on recycled paper, and does not include a wire or plastic binder. Its content is also somewhat scaled down in an effort to save paper.

Additional conference and association information is available for download at the APT Conference Materials Distribution Center and on line at www.apti.org/conferences/2008.

CONFERENCE INFORMATION

APT CONFERENCE MATERIAL DISTRIBUTION CENTER AND THE APT USB DRIVE

The APT Conference Material Distribution Center features computers with conference material that can be loaded onto the USB (jump) drive that you received in your tote bag. You can also use your own

computer to access the information on the APT web site at http://www.apti.org/conferences/2008/Conference_Materials.cfm

You will find:

- Participant list/Conference roster
- APT 40th Anniversary material—and how we're celebrating!
- APT Auction Catalog
- Paper presentations from speakers who choose to share their electronic files
- A list of foreign consulates in Montréal and Ottawa
- Montréal city map—zoom in/zoom out to identify buildings, street names, more!
- More...check it out!

GOING GREEN

APT has taken steps to reduce this conference's environmental impact. Check out all we've done; it's outlined in the APT Conference Materials.

TRANSPORTATION

Most off-site events are located near the hotel or on the Métro subway line, therefore walking and the Métro will be the primary modes of transportation from the hotel to off-site venues. Instructions and directions for each event are printed on your event tickets. Ambassadors will be available to direct you or accompany groups to each venue. If walking is not an option for you, please inform the APT Registration and Information Desk.

AIA CREDITS

Workshops, Paper Sessions and Panel Discussions, field sessions and keynote addresses all qualify for AIA continuing education credits. CES forms are available at the APT Registration and Information Desk.

CELEBRATING APT'S 40TH ANNIVERSARY

APT was conceived in Canada with 11 founding members who met in 1968 at Stanley House in New Richmond, Québec. Their vision was the birth of one of the leading international organizations dedicated to preserving cultural heritage. We celebrate that history this week.

L'Association pour la préservation et ses techniques a vu le jour à New Richmond au Québec en 1968, grâce à un groupe de canadiens et d'américains dévoués à la conservation du patrimoine bâti. Cette année nous célébrons 40 ans de collaboration transfrontalière, d'éducation et de développement professionnel.

APT 40TH ANNIVERSARY HEADQUARTERS

Stop by the space under the escalator to explore APT's history.

The group that gathered on the porch of Stanley House (above) in July 1968 and initiated the founding of APT: (clockwise from left) David Bartlett, Mrs. David Bartlett, Jacques Dalibard, Lee Nelson, Alice Alison, Gerald Budner, Charles Peterson, Jeanne Minhinnick, George MacBeath, A.J.H. Richardson, William Patterson, and Oliver Torrey Fuller.

APT MEMBERS CELEBRATE THE ASSOCIATION'S 40TH ANNIVERSARY 1968-2008

APT appreciates the support of the following APT members who contributed to this special Tribute section.

THE FOLLOWING FRIENDS AND SUPPORTERS CONGRATULATE APT ON ITS 40TH ANNIVERSARY!

APT Annual Social and Auction

Atrium Skating Rink,
Le 1000 de la Gauchetière

Ticket: Required

Format: Eating, ice skating, bidding

Food: Dinner

Dress Code: Casual, with ice skates! You can bring our own skates or use those available on site.

Transportation: Walk a half block.

Directions: From the hotel entrance turn left and stay on la Gauchetière. Cross rue Mansfield and enter the building on the corner whose tower looks like a fountain pen.

Enjoy winter in Montréal with ice skating, favorite local foods and hot chocolate. When you need a break from the ice, plan your bids for this year’s auction which features a collection of donated items valued at more than \$25,000. Visit the APT Conference Material Distribution Center to view the Auction Booklet in advance.

The **Silent Auction** proceeds will benefit the APT Student Scholarships Committee. As a part of APT’s outreach mission, the Association underwrites the cost of scholarships for selected students to participate in the conference. APT funds as many students as possible (usually 12-16) to receive a full registration to the conference, special event tickets, as well as a travel stipend. The Annual Silent Auction helps to underwrite the cost per student.

WEDNESDAY, OCTOBER 15 (CONTINUED)

7:00-11:00 pm,
continued

Proceeds from this year's **Live Auction** will benefit the APT Endowment Fund, the fundraising arm of the Association.

Bid high; bid often—both auctions support worthy causes. APT is grateful to members and friends who have donated their time, services and goods to make this event an unprecedented success. See page 34 for more details.

APT Trivia Quiz 2008-How much do you know about APT?

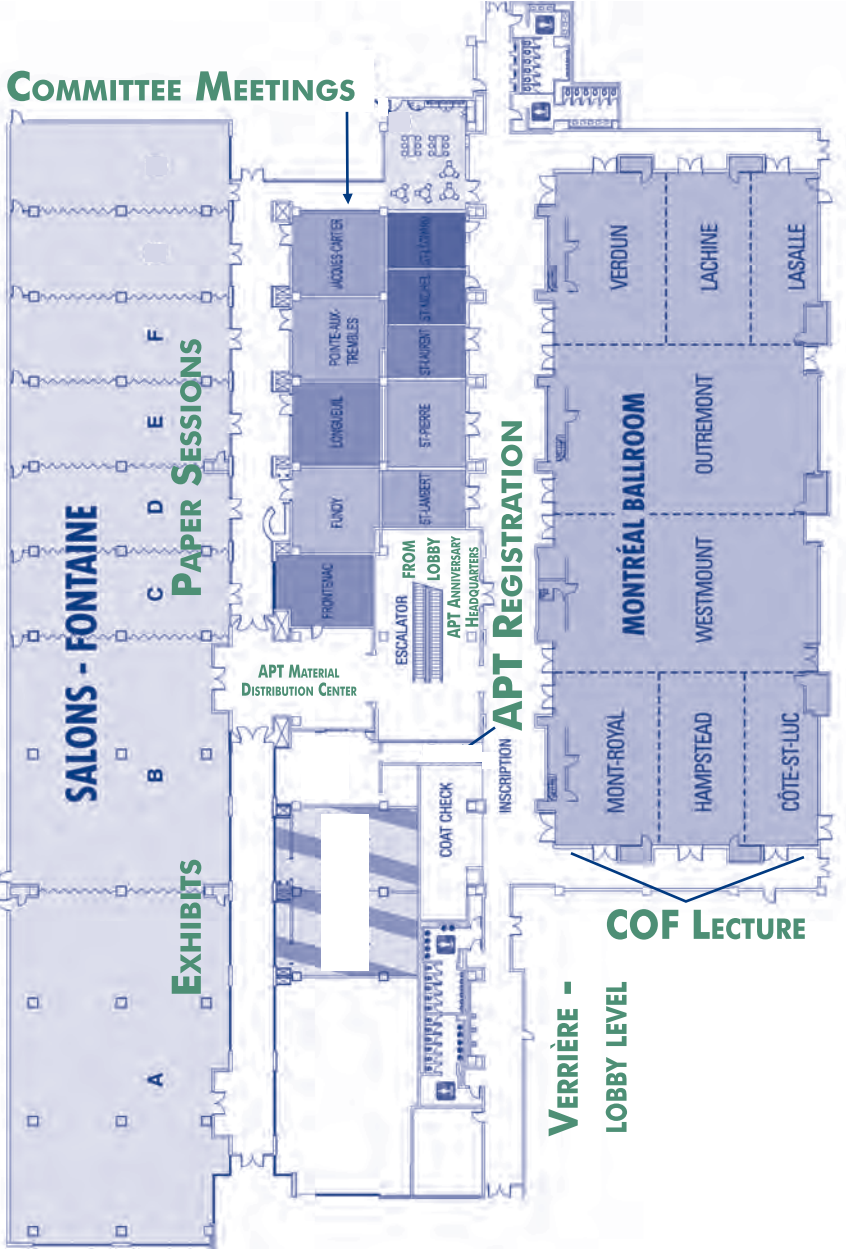

The first trivia quiz was written ten years ago, in celebration of APT's 30th Anniversary. This year, for our 40th Anniversary, the APT Trivia Quiz 2008 is an online quiz that challenges even those with the longest memories! This is not an easy quiz, but if you read the History of APT (available in the APT Conference Materials Distribution Center) and study the APT Timeline displayed in the Anniversary Headquarters, you will be able to achieve a respectable score.

The prize—an APT t-shirt and a surprise that will keep you going! The winner, the player with the most correct questions, will be announced at the Social and Auction on Wednesday.

Texas A&M University, Bryan, TX USA

Mr. Bojakowski was chosen from among the 12 APT Scholarship finalists as the Martin Weaver Student Scholar. The scholarship is not visualized as a prize for past accomplishments, but rather to support innovative and current research in the field of Historic Preservation. The grant is intended to promote the continued advancement of research and a career in historic preservation in the early stages of a young professional.
